Client Testimonials

“I can't say enough about the guidance and assistance you provided. First, you helped me evaluate what I really wanted. Then, you assisted me in analyzing my skill sets and determining how each of them would translate into my new career. With your direction, understanding and coaching, I have been able to land a position in an entirely new and exciting field.”

- J. Fazio, *Construction Executive*

“I am a very confident man, but when I had to negotiate my own salary, I was almost willing to settle for mediocrity. That is where you came in. Without your guiding me through my career transition, I would not be this far ahead in my game.”

- B. Whitney, *Financial Services Executive*

“I am extremely proud of the 'networking portfolio' we developed, and I firmly believe that my search for a more satisfying, rewarding career – leading toward a balanced and fulfilling life – has been significantly enhanced by our collaboration over the past few months.”

- B. Cohen, *Construction Executive*

“Without your no-nonsense advice about the negotiation process, I'm sure I would have settled for the first salary figure offered to me. I used the strategies you shared with me, and the result was a \$4,000 increase in my starting pay, not to mention the non-salary factors I was able to negotiate on top of that! Thanks again for helping me negotiate the best deal for my new position!”

- V. Cristman, *College Administrator*

“Working with you was the best investment I could have made in my career! Your firm but gentle guidance, and incredibly valuable advice, were exactly what I needed to get myself back on track. Now I can clearly articulate my strengths to the marketplace. Thank you, thank you, thank you!”

- D. Newman, *Consultant*
